

The making of AGOAC Banner

October, 2016 - February, 2017

By: Angela Wong

The journey of making an AGOAC Banner began in October, 2016. With the Craft Team's commitment and hard work, the banner was completed on February 22, 2017. The journey was enriched by other interesting events - making hearts for the Long Term Care residents at Mackenzie Health Centre; Winter and Chinese New Year Celebrations.

This fun project once again exemplified the teamwork exhibited by the Craft team members.

The Teamwork

Commitment to the project

Donation of materials

Decision on materials

Agreement on the design

Instructions on making the circles

Duties assignment

[illegible]

A collection of sewing tools including a spool of thread, a pair of scissors, a yellow pencil, and a piece of light-colored fabric, all resting on a dark surface.

Two finished fabric flower hair ties are shown side-by-side on a light-colored surface. A white ruler with black markings is placed above them for scale. The ruler shows inches, with '2 IN' and '4' visible. The hair tie on the left is made of red, white, and teal fabric. The hair tie on the right is made of white, blue, orange, and brown fabric. Both have a small dark button at the center of their petals.

Assignment

Making the circles and sewing them together

Precision
